Beijing-Hong Kong Educational Meeting 聚手京港 2018

The annual educational meeting organised by the Surgeons of the Hand for Chinese Medical Doctor Association (中國醫師協會手外科醫師分會), supported by the HKSSH, was held the second time in Beijing on 27-28 October 2018. Renowned experts in congenital hand anomaly including Prof Neil Jones (USA), Dr Scott Oishi (USA) and Dr Paul Smith (UK) were invited to share their wisdom and experiences. Eight representatives from HKSSH attended the meeting as faculty.

Various aspect of hand surgery including congenital hand anomaly, trauma, arthritis, outcome measurements, rehabilitation were covered in the 1.5 days course.

Apart from fruitful academic interaction, the faculty also enjoyed the organiser's hearty hospitality. We hope the event can be continued, so that more young local and Beijing hand surgeons can continue the exchange of knowledge and experience in the future.

Society website revamp

The completely redesigned website of the Society is expected to be fully functional by the end of January 2019. Apart from a more modernised look, new functions were added: membership renewal, event registration, payment (through PayPal) can be done directly through the website. Visit our website more to receive the latest news related to the Society and members privileges!
