Certificate course (Module 2 & 3) | HKOA annual Congress |
HKSSH Webinar with SICOT | Saturday IHM |

Certificate Course (Module 2)

Date: 5th September, 2020

Format: Zoom Meeting

Time: 10:30-12:30

In view of the COVID-19 Pandemic, the HKSSH certificate course had been changed to online format. The theme was on Microsurgery and Microvascular Reconstruction. It had been very successful and there were total 147 participants registered for this course.

HKOA Annual Congress

Date: 31st October – 1st November, 2020

Venue: Hong Kong Convention and Exhibition Centre

This year HKSSH had a free paper session, a concurrent session and 2 plenary lectures in the HKOA annual congress. We had invited Dr. Bo Liu from Beijing Jishuitan Hospital to be our guest speaker and he delivered the plenary lecture "Robotics and scaphoid fracture management". The other plenary lecture was delivered by Dr. PC Ho "Innovation makes fun: my journey in wrist arthroscopy". Both of these lectures received very excited discussions.

HKSSH Webinar with SICOT

Date: 14th November, 2020

Format: Zoom Meeting

HK time: 20:00-22:00

Topic: Current concept in congenital hand anomalies

Speakers: Dr. PT Chan (HK), Dr. WL Tse (HK), Dr. Chen Shan-Lin (China), Dr. Wee Lam (UK), Prof. Dan Zlotolow (USA), Prof. Gillian Smith (UK)

This is the first conjoint webinar with SICOT and we had invited several world-renowned speakers from all over the world. There were 367 number of registered participants and there had been interesting discussions throughout the webinar.

Saturday Interhospital Meeting

Date: 23rd January, 2021

Format: Zoom Meeting

In this Saturday Interhospital Meeting hosted by HKSSH, we had discussed about the safety concern of WALANT and its clinical application. Several cases had been presented. These include tenolysis, tendon transfer, flexor tendon reconstruction and spastic hand reconstruction. The meeting was very successful in arousing the awareness of general orthopaedic surgeons about the advantages and safety of WALANT and its use in daily practice.

Certificate Course (Module 3)

Date: 23rd January, 2021

Format: Zoom Meeting

Time: 10:30-12:30

The Module 3 of the certificate course was on Tendons, Nerves and Vascular disorder. There were 276 people registered for the course and it resulted in a very healthy discussion during the whole course.
